

---

The novel revolves around two protagonists, Satyendra and Aarti. Aarti works for an Indian power company, and Satyendra is a test sub-inspector in the Indian Air Force. Aarti's father is a billionaire and her mother is the niece of a senior politician, and as such, Aarti is a privileged Indian girl with a good income. On the other hand, Satyendra's family is ordinary in the sense that it has no money and so he lives from hand to mouth. Satyendra is more than 40 years older than Aarti. He grew up in a middle-class family and had a normal life until the age of 20, when he joined the military academy. Back then, he had received three dream jobs: a scholarship at Cambridge, a position in the Indian Air Force and a job as a pilot in the Russian Air Force.

However, one night, a girl came to his house and told him that she would have to go on a trip to the United States, but before leaving she would need a letter from him. As such, he gave her a letter with the offer of a job in the Russian Air Force. So, in a way, she would be his former girlfriend's replacement. He has to choose between his love for Aarti and this job. He knows that his letter would send her to a life of misery, so he accepts the job and eventually they leave for the United States together. Aarti had, on the other hand, been a very normal student until she suddenly developed a love of reading books. Her mother wanted her to be a nurse, but she refused and told her father that she would study law. Her parents had a good life. They had bought their house years ago, but now they were facing financial difficulties. Her father had a failing business, and her mother used to take the house to the bank as a loan. Meanwhile, Aarti was reading her way into a brilliant career, even though she was going to study law. Her father, however, advised her to take a more easy job than a law practice. In India, he said, those in the field of law have the greatest chance of success. Aarti met Satyendra again on his 30th birthday. They had a very loving reunion, and after that, Aarti's father died. Now, Satyendra and Aarti 82157476af
